SECRETARY & PROGRAM DIRECTOR

Edward D. Toth serves as Secretary and Program Director of Tian Yi Foundation, helping support the organization's program development, instruction, and community outreach. A longtime student and inner-chamber disciple of President and Co-Founder Louis Diaz Ali El, Edward brings years of direct teaching and coaching experience to Tian Yi's growing network. His background across traditional Chinese martial arts, Wushu, Taijiquan, and Baguazhang provides him with a broad understanding of movement that supports the Foundation's goal of making traditional practices accessible to people of different ages, abilities, and levels of experience.

As Program Director, Edward helps translate Tian Yi's shared vision into practical programs that can serve communities in a safe, structured, and approachable way. His focus includes supporting instruction for youth, adults, seniors, veterans, and beginners while helping maintain the principles and standards upon which Tian Yi's programs are built. Working alongside the Foundation's leadership, instructors, representatives, and advisors, Edward contributes to an approach centered on balance, mobility, coordination, flexibility, healthy movement, and continued physical activity. The goal remains simple: meet people where they are, keep them moving, and give them somewhere to grow.

“MEET PEOPLE WHERE THEY ARE. KEEP THEM MOVING. GIVE THEM SOMEWHERE TO GROW.”
