TEXAS REGIONAL REPRESENTATIVE

Jarred Reiss serves as the Texas Regional Representative for Tian Yi Foundation, helping extend the organization's growing network and community-centered mission throughout Texas. Based in the Round Rock and Austin area, Jarred supports Tian Yi's efforts to develop relationships, identify community opportunities, and make traditional movement practices accessible to people of different ages, backgrounds, and levels of experience. As part of the Foundation's regional team, he represents Tian Yi's shared vision while helping establish a strong foundation for future programs and partnerships in the region.

Working alongside Tian Yi Foundation's leadership, instructors, representatives, and advisors, Jarred contributes to an approach centered on movement, wellness, healthy aging, balance, mobility, coordination, flexibility, and continued physical activity. His regional role supports outreach to communities, organizations, and potential program partners while helping create opportunities for youth, adults, seniors, veterans, beginners, and experienced practitioners. As Tian Yi continues to expand, Jarred's work in Texas reflects the Foundation's guiding philosophy: meet people where they are, keep them moving, and give them somewhere to grow.

“MEET PEOPLE WHERE THEY ARE. KEEP THEM MOVING. GIVE THEM SOMEWHERE TO GROW.”
